5th July 2024

UNIFORM

Due to the recent increase in children not adhering to the dress code, and choosing to wear their clothes to school, we need to remind parents that our expectations around school uniforms have not changed and therefore children must wear their uniforms to school to maintain a consistent and professional learning environment.

TRANSITION DAY

The pupils thoroughly enjoyed their transition day at school, eagerly participating in activities with beaming smiles and infectious enthusiasm. Unfortunately, Mr. Coles was absent on this day, consequently, his September class will have the opportunity to meet him on July 15th.

PROM

The prom for our Year 6 pupils will be held on July 10th from 6 pm to 8 pm. We look forward to celebrating with them as we bring their time at Nant-y-Parc Primary School to a close. We are immensely proud of their achievements and hope they thoroughly enjoy this celebration.

ATTENDANCE

We have noticed a decline in children's attendance as we approach the end of the term. It is essential to maintain regular attendance to ensure that our pupils continue to benefit from their education and finish the term strong. Your support in encouraging consistent attendance is greatly appreciated.

END OF TERM

Please be informed that school will finish at 1:15 PM on July 18th. Additionally, there will be no school on July 19th due to an INSET day.

EDFEST WEEK

Next week, we will be holding EDFEST week at school, during which pupils will attend their chosen courses. As a result, they will not be with their current teacher or peers but will be grouped with pupils from different classes on Tuesday, Wednesday, and Thursday. Throughout the week, the children will work towards a project or outcome. Pupils will be dropped off and collected from their current classes on each of these days. Parents are invited to visit the school at 2:15 PM on July 11th to view the pupils' work.

NEW RECEPTION PARENTS MEETING

On July 9th, new reception parents are invited to a meeting to meet the reception class teacher and receive key information about the reception class. During this meeting, the deputy headteacher will discuss attendance, and important information packs, including data collection sheets, will be distributed. Parents will have the opportunity to ask questions also.

The meeting will take place at 10:45 am in the school hall.

Value of the half term: **Friendship**

A peek at the next few weeks...

DIARY DATES

08.07.24-11.07.24	EdFest – Parents are invited to attend on 11.07.24 (p.m.)

18.07.24 –	End of term (1:15 pm finish)
19.07.24 –	INSET Day (school closed for pupils)
02.09.24 –	Autumn term begins

WELSH PHRASE OF THE WEEK

Week beginning 08.07.24 – Ble wyt ti'n mynd?

Head lice and Nits

Head lice and nits are very common in young children and their families. They do not have anything to do with dirty hair and are picked up by head-to-head contact.

Head lice can make your head feel:

- itchy
- like something is moving in your hair

The only way to be sure someone has head lice is by finding live lice.

You can do this by combing their hair with a special fine-toothed comb (detection comb). You can buy these online or at pharmacies.

How to get rid of head lice

Treat head lice as soon as you spot them. You can treat head lice without seeing a GP.

You should check everyone in the house and start treating anyone who has head lice on the same day.

There's no need to keep your child off school if they have head lice.

Wet combing

Lice and nits can be removed by wet combing.

You can buy a special fine-toothed comb (detection comb) online or from pharmacies to remove head lice and nits.

There may be instructions on the pack, but usually you:

- wash hair with ordinary shampoo
- apply lots of conditioner (any conditioner will do)
- comb the whole head of hair, from the roots to the ends

It usually takes about 10 minutes to comb short hair, and 20 to 30 minutes for long, frizzy or curly hair.

Do wet combing on days 1, 5, 9 and 13 to catch any newly hatched head lice. Check again that everyone's hair is free of lice on day 17.

Medicated lotions and sprays

If wet combing has not worked or is not suitable, you could try a medicated lotion or spray. These kill head lice in all types of hair, and you can buy them from pharmacies, supermarkets or online.

Head lice should die within a day. Some lotions and sprays come with a comb to remove dead lice and eggs.

Some treatments need to be repeated after a week to kill any newly hatched lice.

Check the pack to see if they're OK for you or your child and how to use them.

If lotions or sprays do not work, speak to a pharmacist about other treatments.

Some treatments are not recommended because they're unlikely to work.

For example:

- products containing permethrin
- head lice "repellents"
- electric combs for head lice
- tree and plant oil treatments, such as tea tree oil, eucalyptus oil and lavender oil herbal remedies

You cannot prevent head lice

There's nothing you can do to prevent head lice.

You can help stop them spreading by wet or dry combing regularly to catch them early.

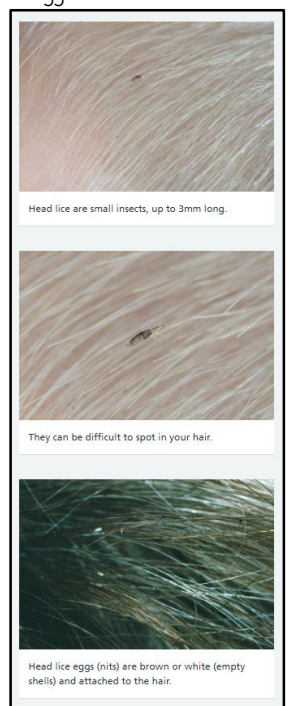

Do not use medicated lotions and sprays to prevent head lice. They can irritate the scalp.

There's no need for children to stay off school or to wash laundry on a hot wash.
